Dear Ms. Stilla,

This is in response to your letter in reference to the October quarterly (2018) report. On the last page of your letter, you have two sections. One from Contributions from Possible Prohibited Entities and the other from Contributions From Unregistered Organizations.

The first section involving Possible Prohibited Entities, have all been verified that they do file with the IRS as a corporation. The way our system works, is at an event, if a donation is presented to us other from an individual, we immediately ask, before accepting donation, if they are a corporation. We also ask on how they file with the IRS to double check that it is not a corporation. Should we receive the donation by mail, we then call them and ask them over the phone whether they are a corp or not and how they file their taxes with the IRS. Every organization which is on your list, has been verified with them that they are not a corp and it is a legal donation which we can accept.

As far as your second list, they are State registered committees with the Board of Elections. They are either elected officials or candidates. These organizations have been told and know that they can only donate \$1,000. per calendar year. They have not gone over the amount.

Thank you in advance for your attention to this matter.

Sincerely,
Nancy Marks, Treasurer
