RE: Identification Number C00311621

Dear Mr. Tallman:

Please forgive my oversight of failing to check the box about control or financing of other committees or organizations. The North Texas Committee for Excellence in Government, a non-connected committee, does not share control or financing with other committees or organizations. I should have placed the word "None" on Line 6.

I trust this written response will suffice.

Thanks for letting me know about the oversight.

Sincerely,

  
Michael Lunceford
