Reference: Mid-Year Report (1/1/07 - 6/30/07)

Dear Mr. Buckley:

In response to your letter dated November 14, 2007 I will attempt to clarify and answer your questions regarding our report.

The Narragansett Bay PAC has raised money solely for its own use. The consulting fees for fundraising and the expenses incurred for those fundraising events were on behalf of only the PAC itself.

As to the lack of administrative costs ie rent, utilities etc. This PAC is administered and services by consultants who have their own offices and their own overhead costs which are not charged to the PAC or to their other clients. A flat monthly fee is charged to the PAC for the work performed.

Thank you for your help and understanding. I enjoyed our informative conversation yesterday.

Sincerely,

Elizabeth R. Young, Treasurer
