RE: Year-End Report (11/25/2014-12/31/2015), Amended October Quarterly Report (07/01/2014-09/30/2014) Received 04/28/2015

Dear Tyler Culberson,

1. In response to your letter dated May 12th, 2015, the Year-End FEC Form 3 report of receipts and disbursements was amended on June 5th 2015 to reflect the correct beginning cash on hand balance. Additionally, the amended report shows the correct debt amount of \$14,559.79.
2. In response to your letter dated June 23rd, 2015 the 2014 July Quarterly FEC Report has been amended to reflect the correct beginning cash balance that equals the ending cash balance for the amended 2014 October Quarterly Report.

The negative reported cash on hand is due to disbursing a number of higher dollar checks and not having those checks cashed by the vendor immediately, and subsequently disbursing additional checks shortly there after.

Please feel free to contact me if any other questions remain.

Sincerely,

Richard Danker, Assistant Treasurer
