

January 23,2007

Reference; Amended September Monthly Report (8/1/2007-8/31/2007

In regards to your first question, NAIFA who the debt is owed to did not have their Financial records completed by the due date of the September FEC report. August is NAIFA's year-end. Once they were completed I updated teh Schduel D. The additional amount was Payroll& Benefit related.

I will be sending another September FEC report. My copy shows the yeaqr to date figures. I don't know what happened.
