FEC FORM 3X REPORTING PERIOD 01/01/05-06/30/05

This is a response to your letter regarding the Mid-Year Report (01/01/05-6/30/05).

The slate mailer receipts and expenditures disclosed on this report were for a City of Los Angeles mailer for the City's Primary Election held on March 8, 2005. No federal candidates or officeholders were part of the slate other than the piece being the recommendations of Congresswoman Maxine Waters. Obviously, the Congresswoman was not up for election and the mailer does not mention anything about her election or seeking of office.

There were no debts or obligations owed to or by the committee that were outside of this reporting period.

Administrative expenses for the committee during this two-year election cycle include all overhead expenses for staff, office facilities, etc. These expenses are covered in the amounts paid to David L. Gould Company and Kaufman Downing LLC.

Very truly yours,
David L. Gould
