March 26, 2013

This is In response to questions about the amended October quarterly report (7-01-12 thru 9-30-12 which was submitted 10-09-12, asking why the 48 hour reports supporting independent expenditures do not match the amended quarterly report.

The three dates of the 48 hour reports are correct; they were within 48 hours of disseminating newspaper ads, but the amounts needed to be corrected, which they were in the amended quarterly report. The first two line 24 amounts on the quarterly report are correct. However a third line 24 amount of \$4,230.00 for Response Unlimited needs to be added to the 48 hr report dated 9-18-12.

I have prepared and sent an amended 3rd quarter return, with \$4,230.00 added as a line 24 independent expenditure for Response Unlimited dated 9-18-12. The total of the three Response Unlimited expenditures is \$10,297.00 (an amount previously reported on the 48 hour report of 9-12-13 mistakenly, because that figure includes 3 invoices.)
