Please be advised that Women Vote! uses best efforts to obtain the contributor information.

First, any and all solicitations made by our committee include a clear and conspicuous request for the contributor information and inform the contributor of the requirements of the federal law for reporting such information.

Second, within every thirty days our committee sends out to all contributors of \$200 or more a follow-up stand alone request for the missing information. These requests are not part of any solicitation for contributions. The contributor is informed of the requirements of federal law for the reporting of such information. A return envelope is provided for the contributor.

Third, any additional contributor information received is updated in our contributor database on a regular basis. The Committee files its compliance reports with all information that has been obtained from both requests.

Please be advised Women Vote! will report any additional contributor information obtained and not previously reported on our next regularly scheduled FEC report.

If you require further information or clarification, please contact us.

Sincerely,

Caroline C. Fines
Assistant Treasurer
