Subject: Response to Letter Stamped 08/23/2002

Date: September 13, 2002

This memo is in response to the letter sent regarding our June 30, 2002 filing. Your letter noted the discovery that we, as an affiliated PAC to CULAC exceeded the contribution limit for candidate Lindsey Graham. This occurred through a \$500 contribution made during the second quarter by the SCCUL Inc, Credit Union Defense Fund.

We have corrected this error through the following actions:

1. We contacted CULAC to notify them of the error and told them we would contact the candidate and request reimbursement of the funds.
2. We contacted the candidates campaign (via telephone), explained the error and requested a refund from the candidate.

On September 11, 2002 we received a check from the candidate in the amount of \$500.00. We will report this return of funds on our September 30, 2002 filing report. We will also send the FEC a copy of this memo along with a copy of the check remitted by the candidate.

Thank you for your bringing this matter to our attention. At this point we believe that this matter is resolved. Please contact us should anything we need to provide any additional information.
