This response pertains to the Reports Analysis Division's ("RAD") Request for Additional Information ("RAI") dated July 10, 2012, covering Restore Our Future, Inc.'s ("ROF") 2012 March Monthly Report (02/01/2012 - 02/29/2012). In item #1 of the RAI, RAD seeks clarification on two independent expenditures ROF made in February 2012. In both of the instances listed on attachment page 1 of the RAI, ROF promptly and sua sponte reported these independent expenditures on Amended 24 hour reports as soon as information that could require an amendment became available. Pursuant to the Commission's Statement of Policy Regarding Treasurers' Best Efforts from 2007 (Notice 2007-13, 72 FR 31438), ROF used its best efforts and took all reasonable steps to expeditiously correct all 24 hour independent expenditure reports.

In item #2 of the RAI, RAD requests that ROF "amend Schedule E by providing the state of the federal candidate." RAD appears to be referring to ROF's national cable independent expenditures on February 15, 21 and 28. As we have previously stated in our 4/25/2012 response to RAIs filed by RAD on 3/13/2012, these were expenditures for national cable media buys on the Fox News network that were not specific to any state. Unlike broadcast media buys, made on a local-affiliate basis, these buys were aired to every Fox News cable subscriber nation-wide. A combination of differing pricing models and the fact of national airing makes it impossible to itemize such a buy on a per-state basis.
