RE:Huck PAC
Committee ID: C00448373
April Quarterly Report (01/01/2014 - 03/31/2014)

Dear Ms. Miller:

We are in receipt of your letter dated June 16, 2014 (copy enclosed), requesting additional information regarding the above referenced report. We offer the following response for your consideration.

Item 1:

The Commission's notice states that the April Quarterly Report filed by Huck PAC (hereafter referred to as the 'Committee') has received contributions from individuals for which the identification is not complete.

We have identified 21 donors to Huck PAC reported that the April Quarterly Report for which the donor information was incomplete. We have been able to obtain full information for 14 of those donors and have provided that information on the amended April Quarterly Report filed July 15th (FEC #938589). For the remaining 7 donors, we believe that Huck PAC has used its best efforts to obtain the information.

The Committee's solicitations contain a clear and conspicuous request for employer/occupation information, including solicitation via the website, direct mail, and fundraising events. Donors who did not include the requested information are sent a follow-up letter requesting the information.

Finally, the Committee has attempted to contact the 7 remaining donors by phone and/or email on various dates in compliance with the established "Requested Using Best Efforts" protocol.

Should the Committee receive additional employer/occupation information still missing from the amended First Quarter report, it will be included on a future amended report submitted to the Commission.

Item 2:

The Commission's notice also stated that the Committee disclosed two contributions that were received from unregistered organizations and is required to provide clarification on whether the contribution received is permissible. The Committee has taken the necessary steps to confirm that the organization has established a separate account which contains only federally permissible funds.

Upon the date of receipt, Chad Gallagher, Director of the Committee, spoke with the John Carona State Campaign. A verbal confirmation was made by the campaign to verify that the account from which the contribution was made contained only federally permissible funds, and did not contain any funds from federally impermissible sources, or funds from permissible sources in amounts that exceed the federal contribution limits.

Mr. Gallagher also contacted Greene County Republican Women. A verbal confirmation was also made to verify that the account from which the contribution was made contained only federally permissible funds, and did not contain any funds from federally impermissible sources, or funds from permissible sources in amounts that exceed the federal contribution limits.

We trust that the steps that we have taken to fully report the Committee's activities and the explanation provided herein will satisfy the Commission.

Sincerely,

Bryan S. Jeffrey, Treasurer
Huck PAC
