After a recent acquisition and integration of payrolls from the newly-acquired company, Gentiva PAC recently became aware that certain employee payroll deductions for employees with the acquired company had not been transmitted to the PAC in a timely manner and therefore were not disclosed on Gentiva PAC's reports. Therefore, pursuant to FEC Advisory Opinions 1999-33 and 2000-11, Gentiva PAC is amending its Feb 20, 2014 report to reflect 11 additional contributions for a total amount of \$595.00. Gentiva PAC is amending this report shortly after it became aware that these payroll deductions (contributions to the PAC) had not been reported by the PAC.
