Oregon Republican Party C00153031

This memo is regarding the July '04 Amendment filed 6-01-05.

The difference in the disbursements from the original report are corrected in this amendment. The reason for the discrepancy was because the software program was not reporting the items on line 21b and the transfer on schedule B line 22.

Please note all money raised from Direct Mail Systems and FL&S was used for ORP party building. None of the funds raised were used for the election and, or defeat of a federal candidate.
