SunPower has today filed an amended Statement of Organization for SunPower Corporation Political Action Committee (SunPower PAC) in response to the Commissions recent letter and in order to reactivate SunPower PAC, which was administratively terminated last year. We were not previously aware of the Commissions action and intend to ensure that all filing obligations are satisfied. SunPower has recently retained outside counsel to assist in PAC compliance and reporting, and we have devoted additional internal resources to overseeing the activities and operations of SunPower PAC. We have begun a process of reviewing the PACs receipts and disbursements for the period since our last report was filed, and we will soon file new reports disclosing all subsequent activities.
