Dear Ms. Hanna

Due to an internal review of PAC account activity we noticed that there is balance discrepancy between the bank balance and the report balances. A new record keeper has reviewed the records on hand and cannot find any transactions within the last election cycle to reflect this out of balance issue. We are not able to pinpoint exact errors and believe this is an accumulation of small unintentional errors over the life of the PAc. We have reviewed several years of activity and have not been able to find this discrepancy and are filing an adjustment in the amount of \$2418.46 to bring the account balance and FEC report balance to match. This will be reported on the April 15 Quarterly report on line 29. Should you have any questions please contact me.

Sincerely  
Jelena Matic
