

This submission responds to the Comission's letter of February 8, 2006 regarding the commitee's 2005 December Monthly Report:

1) The DNC has amended its 2005 December Monthly report in which certain transactions on Line 22 of its report were inadvertently omitted from the report.

The missing transactions are included in the amended report.

2) This committe does not accept contributions. All income not otherwise received from the DNC or DCCC are either reimbursements for the use of headquarter meeting space or reimbursements for the replacement costs for lost employee id badges. Accordingly, these expenses were appropriately reported on Line 15.
