This submission explains the 21st Century Democrats current Best Efforts Policy:

Solicitations include a clear and conspicuous disclaimer that states:

Federal law requires us to use our best efforts to obtain the name, address, occupation and employer of any individual who contributes, in the aggregate, \$200 or more in a calendar year.

If the occupation and employer information is not provided, the committee makes at least one follow-up communication to the donor to request this information within 30 days of the receipt of the contribution either by mail, phone or email.

The committee, without soliciting a contribution;
Informs the contributor of the requirements of federal law for the reporting of such information, and
If the request is written, includes a pre-addressed post card or return envelope.

Information received after the filing of a report will be included in the next report or in an amended report.
