To Whom it May Concern:

Wharton for Congress received a message stating that the FEC had not received our April Quarterly Filing. Campaign Manager Heather Wharton Contacted the FEC to state that the report had been mailed on the deadline of April 15th and was unaware that it had not been received.

Heather Wharton was instructed to fax the first four pages of the report and the mailing receipt for the report in order to prove that it was mailed on time, and did so. She was also instructed to file the report electronically so that it would be received by the FEC as soon as possible, and did so.

Thank you,

Blake Schooler  
Deputy Finance Director  
Wharton for Congress
