I am writing in response to your two letters of June 30, 2004. In response your first question regarding our Statement of Organization, because Dykema Gossett PLLC files with the Internal Revenue Service as a partnership not a corporation, we are not listing them as a connected organization. I contacted your office on May 22, 2000 and was informed that we do not need to list Dykema Gossett PLLC as a connected organization unless they are treated as a corporation with IRS.

With regard to your question relating to administrative expenses, please be advised that the committee does not incur any rent or utility expenses. The only administrative expenses that are incurred are the value of time spent overseeing and managing the PAC and minimal supply expenses. These expenses have been reported as either in-kind contributions or memo entries.

If you have any questions regarding the above information, or are in need of any further information, please feel free to contact me.
