Form 99 - To be attached to amended reports for 2012 (July Quarterly Report and October Quarterly Report)

The reason why the amended reports disclose an increase in receipts is because the committee, Pacific Palisades Democratic Club, is currently in the process of reconciling reports to accurately reflect and correct the erroneous reports previously filed by former committee reporter Durkee & Associates (Kindee Durkee).

Also the committee has updated and clarified the following descriptions on Schedule B as stated on the letter sent April 8, 2013 for the October Quarterly filing.

Pacific Palisades Democratic Club are working diligently to correct all the reports to accurately report the committee's activities and to stay in compliance with all FEC reporting requirements.
