This response pertains to the Reports Analysis Division's ("RAD") Request for Additional Information ("RFAI") dated February 6, 2013, covering Central Valley Independent PAC's ("CVI") 30 Day Post-General Report, received by the Commission on December 6, 2012. RAD seeks clarification on CVI's reporting of independent expenditures ("IE"). Specifically, the RFAI states that CVI may have failed to timely file one or more 24 hour independent expenditure reports. The RFAI lists an expenditure on October 26, 2012 to SRCP Media, Inc.

In this case, CVI promptly and sua sponte reported this IE on a 24 hour report as soon as information that could require the report became available. Pursuant to the Commission's Statement of Policy Regarding Treasurers' Best Efforts from 2007 (Notice 2007 13, 72 FR 31438), CVI used its best efforts and took all reasonable steps to expeditiously file this 24 hour IE report.

CVI presently has minimal funds remaining in its account, and it is no longer soliciting contributions or making expenditures. It is currently in the process of terminating.
