Riverside County Democratic Central Committee

We are in the process of recovering from the Durkee & Associates situation.

Since her records are frozen by the FBI we don't have access to the details of her previous filings to build on.

We also don't know what amount of money, if any, we will eventually recover once the case is resolved.

Our FEC advisor recommended we change from monthly reporting to quarterly reporting to give us time to rebuild the details of our account. I am requesting that change.

Thank you,

Dennis White
