Re: Dakota PAC (FEC #C00493072)

Dear Mr. Morse:

Dakota PAC (the 'Committee') hereby responds to your request for additional information, dated March 15, 2012, regarding the Year End Report (07/01/2011 - 12/31/2011).

In response to the request concerning full identification of the donors, the committee disclosed all donors who gave to the Committee, both directly and to a Joint Fundraising Committee which distributed funds during the period. These contributions include some donors whose aggregate contribution totals for the year do not total more than \$200. The donors were disclosed as memo entries for the Joint Fundraising distributions for the period. These donations are not required to be disclosed and were only disclosed due to a filing software issue.

For any donors whose aggregate contributions total over \$200 for the year, the committee follows up using a stand-alone effort to request the missing information and will either amend the report adding this additional information as received or will include this information on the next report the committee files as a memo entry.

The committee is amending the Year End Report to disclose additional information received since filing the original report.

Sincerely,

Rob Jentgens
Treasurer
