

In response to the FEC letter dated 12/9/09, this will confirm that all contributions received and made by the Society for Relief of Pilots Political Action Committee (ID #C00240457), as reported on the PAC s 2009 Mid-year Report, were received and made by check, and it is the PAC s practice never to receive or make contributions in cash in any amount. The cash contribution designation on the Mid-year Report was used to distinguish the PAC s contributions from contributions of property.
