

In mid-December, 2008, the Committee opened a permanent office. For the Year End Report (11/25/08-12/31/08) there was a partial month rent payment. No utilities, phones and other expenses were paid until January 2009. At this time the office is completely staffed by volunteers, there are salary or wages. We are currently actively recruiting for a paid position which we hope to have filled in April, 2009. There were no salary & wages paid during 2008.
