We are in receipt of your request for additional information with a response due date of July 17, 2014. The apparent excessive contributions in question were incorrectly reported in the disclosure document. Accordingly, we have amended the original report with the clarifying information. None of the contributions exceed the limits. Upon our own review, we also noticed similar scrivener's error in the 12 day pre-election report. Therefore, we have also amended that report. Thank you for your notice and for the opportunity to clarify the reports.
