RE: 30-Day Post-general Report (10/14/10 - 11/22/10)

Dear Ms. Sugarman:

This electronic submission is in response to your review of the above referenced report.

1. All contributions received during the reporting period were for the General 2010 election. The post-general report has been amended to correct data mistakes. Several contributions were misreported being received for the primary election instead of the general election due to a systemic database error that affected one small segment of the contributions data. The data has been corrected and steps taken to eliminate the underlying cause of the incorrect data.

2. The Committee received one contribution in the amount of \$ 2,000 from CULAC the PAC of Credit Union National Association on 10/22/10. Due to an oversight the contribution was included on two separate 48 hour reports. The contribution was included on the 48 hour report for 10/22/10, the date the contribution was received from the contributor by Committee staff, and inadvertently included again on a second 48 hour report dated 10/25/10, the date the contribution was transmitted to and received in the Committee's office that processed contributions for deposits. The Committee's contribution and deposit records have been examined to confirm that only one contribution was received from this contributor.

Please do not hesitate to contact me if you require further information.

Sincerely,

Teresa Arsiaga
