Federal Election Commission
999 E Street, NW
Washington DC, 20462

To Analyst Edward Ryan:

Please note that per our conversation with Assistant Branch Chief Andrew Dodson, a list of transactions that occurred during the previous election cycle (2009-2010) have been attached to this Form 99 to correct the Committee's cash-on-hand balance. Due to staff error, these transactions were not reported during the prior cycle. The Committee does not maintain a non-federal account and none of the transactions that failed to be timely reported were for federal election activity. Please also note that unitemized transactions do not appear on this list. If you have any further questions, please feel free to contact us.

Sincerely,

Campaign Finance Officers
