Reference: Amended September Monthly Report (8/1/01-8/31/01), dated 10/19/01

Dear Mr. Carr:

This letter is prompted by the Commission's preliminary review of the report(s) referenced above. The review raised questions concerning certain information contained in the report(s). An itemization follows:

-Line 6(a) of the Summary Page represents the total cash-on-hand as of January 1, 2001. This figure should be the same on all the reports covering the calendar year. Please amend your report to clarify the change made in Line 6(a).

-Your calculations for Line 8 appear to be incorrect. Cash-on-hand at the close of the current reporting period should always equal the closing calendar year-to-date cash-on-hand amount. Please provide the corrected total on the Summary Page.

-The totals listed on Lines 7 and 23, Column B of the Summary and Detailed Summary Page(s) appear to be incorrect. Please be advised that you should add the "Calendar Year-to-Date" total from your previous report to the current "Total This Period" figure from Column A to derive the correct Column B totals. Please amend your report and any subsequent reports that may be affected by this correction.

A response or an amendment to your original report(s) correcting the above

problem(s) should be filed with the Federal Election Commission within fifteen (15) days of the date of this letter. Electronic filers must file amendments (to include statements, designations and reports) in an electronic format and must submit an amended report in its entirety, rather than just those portions of the report that are being amended. If you need assistance, please feel free to contact me on our toll-free number, (800) 424-9530 (at the prompt press 1, then press 2 to reach the Reports Analysis Division). My local number is (202) 694-1130.

Sincerely,

the 1990s, the number of people in the UK who are aged 65 and over has increased from 10.5 million to 13.5 million, and the number of people aged 75 and over has increased from 4.5 million to 6.5 million (Office for National Statistics 2000).

There is a growing awareness of the need to address the needs of older people, and the need to ensure that they are able to live independently and actively in their own homes. This has led to a number of initiatives, including the development of new housing schemes, the provision of services to support older people in their homes, and the development of new models of care.

One of the key challenges is to ensure that older people are able to live independently and actively in their own homes. This requires a range of services, including housing, health care, and social care. The challenge is to ensure that these services are coordinated and integrated, so that older people can receive the support they need to live independently and actively in their own homes.
