

The National Association of Realtors Congressional Fund (FEC ID number C00488742) wishes to change the frequency of filing our reports with the Federal Election Commission from the current monthly submission to a semi annual submission. Under the current monthly reporting frequency, we filed our Year End report on this date and in conjunction with this filing, we are therefore seeking the Commission's approval to begin submitting reports for our 2011 non election year activity under the semi annual Mid Year and Year End reporting requirements. Should there be any questions regarding this request, please feel free to contact our Assistant Treasurer, Scott Reiter, either by phone at 202.383.1072 or by letter at our 430 N Michigan Avenue, Chicago IL 60611 address. We thank the Commission in advance for its consideration of our request.
