This is in response to recent letter and conversation with FEC Senior Campaign Finance Analyst Quy Vuong to our 30 Day Post-General Report 10/16/2014-11/24/2014. Request was made by Mr. Vuong on whether contributions for several State Democratic Party Committees' were Federal Contributions or Non-Federal contributions. The contributions to the various Democratic Party Committee were all Non-Federal Contributions and were made in accordance with state legislative races and not Federal. Therefore, these contributions were appropriately put on Schedule B Line 29 and not Line 23 which is for Federal Contributions.
