

This submission responds to the Commission's letter of November 19, 2008 regarding the committee's 2008 October Quarterly Report.

- 1) Receipts on Line 15 from Al Franken for Senate, Hagan Senate Committee and Jeane Shaheen for Senate were reimbursements for credit card processing charges incurred during bundled contributions from internet fundraising on behalf of these candidates.
- 2) Expenditure on Schedule B for media consulting, media production, polling, postage, tv advertising and video production were for operating and non-express advocacy communications and were not allocable to any federal candidate.
- 3) The following transactions were disclosed in June 2008 on Form 24 and memo'd on Schedule E on the July Quarterly Report - Google 6/6 \$450, Google 6/11 \$170.56, Google \$22,500 6/12

The following transactions were overages from web ads that were previously disclosed as estimates but due to high clickthrough volumes, the costs for the ads exceeded the original estimates Facebook 9/30 \$12,269.45, Google \$17,932.98

The committee had prepared Form 24 reports on August 21, 2008, September 10, 2008 and October 1, 2008 covering the remaining items on the Commission's letter.

The committee had believed that these 24 hour reports were properly filed with the Commission utilizing the Commission's FECFILE software and did not realize that there was a problem with these filings until the receipt of the Commission's letter regarding these items.

The committee has determined that the reports for August 21st and October 1st were not received by the Commission, for reasons unknown, and that a Form 24 was received by the Commission on September 10th, but, for reasons unknown, the filing contained data from a Form 24 that was originally filed on May 1, 2008.

The committee has provided a backup copy of the committee's .dcf file as of October 1, 2008 to the Commission to demonstrate that it had prepared and closed these reports in its software.

It should be noted that the October 1st filing also included two independent expenditures that were disseminated on October 1st and are included in the committee's amended Pre-General Report. The expenditures are to Planet Vox and Politics TV. These two expenses were paid on September 30th (and reported on Line 21b and disseminated on October 1st (and moved to Line 24 on that date). These two Independent Expenditures were incorrectly included in the committee's Post-General Report but is being moved to the Pre-General Report to properly reflect their dissemination date. The Pre and Post General Reports are being amended to correct this error.
