RE:ID# C00000935
Democratic Congressional Campaign Committee ("DCCC")
RFAI dated December 15, 2006 regarding:
April Monthly Report (3/01/06-3/31/06)

Dear Mr. Ryan:

This letter is in response to your request for additional information regarding the above referenced report.

Schedule A of our report includes earmarked contributions that were deposited into the DCCC's bank account and then forwarded to the candidate(s) of the contributor's choice. Since the committee did not exercise direction or control over the contributor's choice of the recipient candidate(s) the contributions did not affect the limit that the contributor(s) could give to the DCCC therefore, a zero aggregate year-to-date is reflected.

Schedule A supporting Line (a)(i) has been amended to correct a negative entry totaling -\$17,800. This entry is correctly disclosed on Schedule B supporting Line 28(a).

Schedule A supporting Line (a)(i) of our report discloses earmarked contributions that have passed through our bank account. The corresponding entries on Schedule B do not match dollar for dollar due to the fact that the committee holds back the cost to process earmarked credit card contributions. Also, please be aware that the DCCC collected earmarked contributions on behalf of Democratic nominees for Congress in several congressional districts. (See Advisory Opinions 1982-23 and 2003-23). Pursuant to reporting instructions in Advisory Opinion 2003-23, the contributions were reported on Schedule A when they were received by the DCCC. Then, within 10 days of the date the nominee was determined by the primary election in each district, the earmarked contributions were forwarded to the nominee's committee and were reported by the DCCC on Schedule B on the date they were forwarded. Therefore, the corresponding Schedule B entries for the Schedule A entries on this report will be on the DCCC's subsequent reports.

Thank you for your attention to this response. Please contact us if you have any questions at (202) 485-3401.

Sincerely,

Brian L. Wolff
