The Committee is filing this notice to provide additional information on the public record with respect to an adjustment to its cash on hand. As reflected on the Amended 2023 April Quarterly report, the Committee adjusted its cash on hand to correct a discrepancy that it recently discovered in the process of transitioning to new accounting and reporting software. In addition, and in conjunction with this notice, the Committee is filing amended reports for the 2024 election cycle to identify 16 transactions representing list rental income that were inadvertently omitted due to a miscommunication with its former direct mail vendor. Finally, the Committee has determined that a June 1, 2022 WinRed deposit consisting of \$12,952.77 and transactions within the 2023 April Quarterly reporting period were mis-dated in the Committee's accounting software. As a result, the contributions in that batch were inadvertently omitted from the corresponding report. Accordingly, those contributions and the list rental income received in prior election cycles are itemized on Line 15 of Schedule A on the Amended 2023 April Quarterly report that is being filed contemporaneously with this notice. Although this amount represents less than 0.1% of the Committee's cash-on-hand balance, the Committee takes its disclosure obligations seriously and is committed to ensuring that the public record is complete and accurate.
