RE: Amended 2020 April Quarterly report filed 2/23/2022 This amendment will address the following issues: The Committee failed to provide a Schedule A supporting Line 11(a)(i) for in-kind contributions totaling \$3,281.58 from one (1) vendor, which were itemized on Schedule B supporting Line 21(b). This created a missing schedule of \$3,281.58. The Committee also failed to provide a Schedule B supporting Line 21(b) for in-kind contributions totaling \$109,792.12 from two (2) vendors , which were itemized on Schedule A supporting Line 11(a)(i). This created a missing schedule of \$109,792.12.The Committee filed an Amended 2020 Q1 on 7/21/20 that failed to adequately address this issue. The amendment lowered the violation amount to \$41,587.15.

The Committee believes that the amended 2020 Q1 report addressed the issues cited with the explanatory memo texts and descriptions provided. The missing \$3,281.56 was explained by a memo entry that was attached to transaction SA11ai.15913 as follows: In-kind contribution amount created by American Target Advertising's (ATA) payment of invoices owed by FEDUP PAC to Data Management Inc (DMI). These expenditures were the result of work performed by DMI in partnership with ATA. ATA paid all outstanding invoices to settle the account. The expenditures appear on Schedule B of this report.

As to the missing schedule of \$41,587.15, all In-kind contributions were included on Schedule B, but in some cases the description, In-kind, did not appear as the first word in the purpose field. We believe this caused the alert that there were In-kind transactions missing on Schedule B, because the transactions clearly appear on the schedule. We have amended the report to make the descriptor In-kind the first word of the purpose field where appropriate.
