This is in response to the FEC letter dated 2/11/05 in reference to the AADA's Year End Report (11/23/04 - 12/31/04). Per the phone conversation with the FEC this morning, I was asked to submit the dates of the two transactions in question from the letter. The two transactions in question were from 2002. These were checks that were cut and reported in 2002 but never cashed. They were subsequently voided in 2004. The two payees in question were: The Marty Meehan for Congress Committee and the Jesse Jackson Jr. for Congress Committee. Both checks were cut in October of 2002. If you need further information, please contact me at (847) 240-1127. Sincerely, William M. Brady, Accounting Manager, American Academy of Dermatology Association Political Action Committee (ID# C00359539)
