This submission responds to the Commission's letter of February 11, 2015, regarding the committee's Amended 2014 Post-General Report:

- 1) Please note that the payment to Timothy Carens for "Internet Access" was actually for "Media Production." All payments to individuals for "Media Production" for actual services rendered by those individuals and not reimbursements for payments to other vendors.
- 2) Please note that the committee had prepared a Form 24 for that expenditure but, for reasons unknown, the particular Form 24 did not successfully transmit to the Commission. All other Form 24's prepared on that date did successfully transmit to the Commission. A copy of the Committee's .dcf will be provided, upon request, to the Commission, to demonstrate that the Form 24 had been created and closed for filing at the time the report was due. The Committee had taken additional steps to ensure that all closed files successfully transmit to the Commission and the failure for this report to successfully transmit to the Commission was an inadvertent error. All other Form 24's prepared for filing during 2014 were successfully transmitted in a timely fashion.
- 3) Payments on Schedule B for Media Production, Web Advertising and Media Consulting were not allocable to any federal candidate
