This Miscellaneous Electronic Submission is submitted in reference to the 24-Hour Notice (Form 24), filed on 12/14/12. The transactions disclosed in this report were previously reported in a Schedule E filed with the FEC by e-mail on 10/23/12. The Committee had not yet obtained a password to allow for filing via FECfile, and was unaware that the paper filing had to be followed by an electronic filing through FECfile. Due to a clerical error not known at the time of the paper filing on 10/23/12, the electronic filing from 12/14/12 differs only with respect to the first disclosed transaction. The paper filing showed an expenditure to Red Horse Strategies in support of Daniel Lamb in NY-22. The expenditure was in support of Daniel Maffei in NY-24. The correction has been made to the electronic record of the transaction used for the amended Post-General filing.
