This report is being submitted after the due date. The delay was caused by a change in the software programs used to track our receipts and contributions that was undertaken during the month of July 2017. Delays created in the transition from the prior vendor to the new vendor were primarily due to firewall related issues when the new software was engaged. As a financial institution we have very robust firewall protections especially when receiving and transmitting data. Negotiating internal requirements and vendor systems caused significant unexpected delays. We do not expect any delay with subsequent reports.
