In response to the RFAI for the October 2016 Quarterly:

In 2016, it turned out that because of an error I did not have access to the statements for one of the committee's bank accounts. For disbursements I relied on what turned out to be incomplete invoicing from vendors. This is why the disbursements were not reported correctly. When I got access to the full banking records in 2017, I discovered the anomaly. In the latter of half of 2017 the committee conducted an internal audit, and amended the filings accordingly.
