Mid Year Report (01/01/2017 - 06/30/2017)- Responding to your letter dated April 23, 2018

1. Report amended showing correction to for H1. This was due to a NetFile software error.
2. Line 18(a), Column A is larger than Line 21(a)(ii) because our allocation transfers included \$4,111.11 of the state share of expenses from 2016 transferred within the 60 day window. The balance of transfers were for 2017 state share of expenses.
3. None of the expenses in question were to support, promote, attack or oppose any Federal candidate. The Digital ads were placed on Facebook to encourage people to join local clubs, Democratic values, and signing up for a e-newsletter. Promotional items were for buttons with generic slogans, such as Too Young to vote, but I care, Get off Your ____and Vote & other generic messages. None of the buttons promote, support, attack or oppose any federal candidate.
