Re: 12 Day Pre Special Report (1/1/01-5/31/01) All occupation and employer info that we have been able to obtain is on the amendment. We routinely include in our solicitations for contributions requests for contributor information. Normal follow-up is to call the contributor to request the missing info. If unable to call, we send a letter to the contributor with a response section and a business reply envelope to return it in. Transfers from the RNC and the NRCC are correct as reported and were not made to specifically fund the activity you inquired about ("sign stakes"). With regard to administrative expenses (specifically rent) the Obenshain Foundation rents this building to us for \$1.00 per year. The amendment filed for 11/28/00-12/31/00 corrects the ending balance, and therefore, the beginning balance for the referenced report. Regarding your inquiry and to aggregate year-to-date totals for certain contributions, specifically those of Ruble Hord, his contributions have been corrected in the amendment. With regard to the Tax Check Off checks received from Department of Taxation, Commonwealth of Virginia, we had been directed by the FEC previously to report these on line 11a. If this is incorrect, please advise and we will report them on line 17 henceforth.
