A. Form/Schedule : **SA11AI**
Transaction ID : **SA11AI.4189**

This individual's PAC payroll deductions commenced in the previous quarter. However, his payroll deduction was inadvertently deposited into the wrong bank account. Reporting his contribution on the prior report would show a greater cash on hand amount than what was showing on the bank statement. Therefore, his PAC deduction was not reported in the first quarter. This is why this individual has a higher number of payroll deductions reported than the other individuals for this period. This also allows the cash on hand balance in this report to match with the bank statement.

This individual's PAC payroll deductions commenced in the previous quarter. However, his payroll deduction was inadvertently deposited into the wrong bank account. Reporting his contribution on the prior report would show a greater cash on hand amount than what was showing on the bank statement. Therefore, his PAC deduction was not reported in the first quarter. This is why this individual has a higher number of payroll deductions reported than the other individuals for this period. This also allows the cash on hand balance in this report to match with the bank statement.
