IDENTIFICATION NUMBER: Multiple Committees (See attachment)

Dear Treasurer:

Pursuant to 52 U.S.C. §30103(d)(2) of the Federal Election Campaign Act, and Commission regulations at 11 CFR §102.4, the Commission intends to administratively terminate your committees. As such, your committees are no longer obligated to file reports. However, any receipt or disbursement of funds by a committee for the purpose of influencing a Federal election or supporting a federal candidate will void the administrative termination for that committee. In such an event, the committee will be required to begin filing reports with the appropriate office. The first such report will include any activity since the date of the last report filed by the committee. The treasurer of the committees has 30 days from the day of receipt of this notice to object to this administrative termination. If a written objection is not received by the Commission within 30 days, this action will take effect.

Please note that:

- -Excess or residual funds can only be used in accordance with Commission regulations 11 CFR Part 113.
- -The administrative termination of your reporting obligation does not relieve the committees of any legal responsibility for the payment of any outstanding debt or obligation, even if those debts are owed to the United States Department of Treasury.
- -The committees must continue to maintain all records in accordance with 52 U.S.C. §30102(d) which should be available for Commission inspection should the need arise.
- -Any funds used to defray the remaining debts and obligations of the committees must comport with the limitations and prohibitions of the Federal Election Campaign Act of 1971, as amended, and the Commission's regulations.

If you should have any questions concerning this matter, please call Chris Ritchie,
