Matt Rosendale for Montana (the 'Committee') is in receipt of your Request for Additional Information dated September 1, 2014.

In response to question 1 regarding contributions from a prohibited source, the contribution in question was refunded on the business day following the date it was received. This refund was reported on page 121 of the originally filed report (Transaction ID: SB20A.7641).

In response to question 2 regarding contributions for the general election, all contributions previously designated for the general election were refunded on June 18, 2014, in a timely manner. Upon further review, however, the Committee has discovered that many of the refunds were unitemized on the originally filed report due to an administrative error. Therefore, this amended filing itemizes such refunds.

In response to question 3 regarding occupation and employer, please be advised that this amended filing discloses all missing or incomplete entries.

In response to question 4 regarding the outstanding balance of loans from the candidate (from personal funds) being greater than \$250,000, the loans in excess of \$250,000 have been forgiven by the candidate and reported as such on this filing. A signed statement from the candidate will be forthcoming.
