Kristen Davis, Reports Analysis Division, Federal Election Commission, 999 E Street NW, Washington, DC 20463, Re: RFAI Amended April Quarterly Response, Dear Ms. Davis, Pursuant to your Request for Additional Information dated June 23, 2004, we have filed an amendment to the Amended April Quarterly 2004 report making all requested changes and clarifications. Specifically: 1. The report has been electronically signed by the Treasurer rather than the individual who actually filed the report; 2. Contributions that appeared excessive were in fact reported incorrectly as having been made for the primary election when they should have been reported as having been made for the general election, a. Hoeffel for Congress 2/4/04 changed to accurately reflect a general election contribution; b. Friends of Corrine Brown 2/23/04 changed to accurately reflect a general election contribution; c. Nita Lowey contribution to Nita Lowey Leadership PAC 1/7/04 incorrectly reported as been having made to Nita Lowey Leadership PAC, changed to accurately reflect contribution to Nita Lowey for Congress, general election. Further, we clarify that Nita Lowey Leadership PAC contribution of 2/9/04 is not a candidate committee ontribution and therefore should not be counted towards the per election limits. 3. With regard to the contributions listed as having been made from Citibank, pursuant to our discussion, we have clarified that those contributions are actually unitemized contributions from individuals aggregating less than \$200, and noted that fact in the memo text entry. Further, because of a software issue, and per our discussion, we will continue to report unitemized individual contributions in this way. 4. All necessary changes to incorrect cash totals have been properly changed. As we discussed, the error resulted from a number having been inadvertently left out of the 2003 Year End report. We have made the necessary changes to this report and the 2003 Year end report. 5. Office sought and states have been provided where necessary. Memo text entries have been added to certain receipts further clarifying the type of receipt (i.e., municipal income and interest memo text entries added where appropriate). If you should have any questions or require additional information, please do not hesitate to contact me. Sincerely, Corey Rubin
