Re: November Monthly Report (10/1/05-10/31/05)

This letter serves as the American College of Cardiology Political Action Committee's official response to the FEC letter dated December 2, 2005. The FEC letter states that the aggregate YTD total for Ancil Jones is incorrect. However, the amount in the original report is correct when you include two refunds to this individual reported earlier in 2005. The first refund was for \$600 and reported on the February monthly amendment and the second refund was also for \$600 and reported on the March monthly amendment. If you have any further questions or concerns about this contribution, please let me know.
