Federal Election Commission

RE: Committee FEC ID #C00523886  
September Monthly (8/1/12 -8/31/12)

Dear Ms. Carter

We are in receipt of your letter dated November 26, 2012 regarding the aforementioned report.

Question 1. In regard to incomplete occupation and name of employer: We report the information exactly as it is provided to us by the donor. If the information is not provided on our initial contribution solicitation which sites the FEC regulation for the requested information, the Committee's policy is to send a follow-up letter within thirty days of the original contribution to request the information with a pre-addressed, pre-paid envelope enclosed for the return of such information. The follow-up letter contains no additional solicitation for contribution. Additionally, we inform the donor that federal law requires us to use our best efforts to obtain and report the complete name, mailing address, occupation and employer for each individual whose contributions aggregate in excess of \$200 in an election cycle. All such information received is reported accordingly. We note our reports "information requested" to provide the commission with a clarification that we have gone through the above outlined procedure.

Question 2: In regard to Schedule B, Line 30b for the disbursements described as "Printing" all of these expenses meet the criteria as outlined within the federal regulations for exempt activity and were paid for with federally permissible funds. Please note: all of these activities were intensely volunteer driven, no commercial vendors were used, there was no public advertisement, and no activity in the direct mailing(s) was done using a commercial vendor. Therefore, these referenced expenses do not constitute an inkind contribution, independent expenditure or a coordinated party expenditure and have been disclosed accordingly as an exempt activity, as outlined in regulation 100.147(e).

At this time our committee believes to be in compliance.

Sincerely

Washoe Republican Party
