To Whom It May Concern:

This note accompanies the 12 day Pre-General filing for MVP Health Care Inc., Federal PAC.

This report was filed on November 13, which constitutes a late filing.

As you'll see, the PAC has \$1,416 in receipts and \$3,000 in disbursements to report for the applicable time period.

The nature of the late filing is an administrative error, in which we overlooked the reporting deadline.

With this in mind, we'd appreciate your consideration of waiving any applicable fine.
