It recently came to our attention that the bank account for National Corn Growers Association's CornPAC currently holds \$6743.55 less than what we have been reporting as cash on hand. We attempted to find where this error originated, and have been unsuccessful. It appears the account has been off by this amount when compared to the Form 3X reports for more than seven years.

As requested by analysts at the Federal Elections Commission, we have filed amendments to all reports filed in 2019, and are submitting this request for a one-time adjustment to our cash on hand so that our bank account and 3X reports match. In the future, we will be reconciling our bank account each month when completing the Form 3X to avoid a similar situation in the future.
